Vision, Mission of P. R. Thakur Govt. College

Vision:

- P. R. Thakur Govt. College aims to impart quality education and subject-knowledge to students hailing from diverse backgrounds and having varied interests. Our goal is to build a knowledgeable, morally strong and self-reliant generation of learners, inculcating an innate love for nature and respect for human life in general. While proudly rooted in a rural community, we wish to teach our students to be aspirational towards a global worldview and seek newer opportunities in the future which awaits them.

Mission:

- To set a benchmark of quality higher education for students opting for various disciplines (science and humanities), with regards to both theoretical and practical knowledge.
- To offer skill- development and value-added courses so as to train the students to face real-life day-to-day challenges.
- To nurture a sense of sustainable lifestyle, by taking care of plants, animals and natural resources within the campus and outside as well.
- To teach students to become confident individuals on the path to build a better tomorrow for the nation.
- Our institution has been organising Career Counselling program in the College Seminar Room almost on a regular basis. Entrusted persons from different government organisations and employers have visited the college, interact directly with our students, and motivate them to go for typical job opportunities after completing graduation for which it is possible, sometimes, to continue higher studies simultaneously.
